MESSAGE FROM PRESIDENT, IAC

I have been asked by Dr. Anjali Joshi to send a message to members of IAC through News Letter. Although we can boast of over 600 members, I find that very few are taking interest in the functioning of academy. We decided to have postal election for important post of Executive Council last year, but the response has been very disappointing this year. I sincerely request all members to take active interest in the functioning of academy and attend the Generalbody Meeting in large numbers. So that we can take some concrete decisions regarding the rules and regulation of IAC. It is Ganpati festival time in Mumbai and by the time you receive this News Letter it will be Diwali time. I convey my best wishes for Diwali & Prosperous New Year to all members of IAC and their families.

-- Dr. Maya Lulla
President IAC

FROM THE SECRETARY'S DESK

It gives me great pleasure to communicate with you through this news letter. I am sure you are all getting ready to meet once again in a beautiful place like Goa. At the last general body meeting there was a lot of debate about the tenure of office members of the Academy. As no consensus was arrived at, the matter was postponed for the next meeting. A proforma is being circulated prior to the annual meeting to the voting members of the Academy, in order to get their opinion, so that a consensus can be reached on these controversial issues. I will be grateful if this proforma is duly returned to me by the specified time. This will help us resolve matters in the coming annual meeting as we will have some facts and figures to go by.

The agenda for the general body meeting to be held at the 28th Annual Conference of Indian Academy of Cytologists in Goa is enclosed in this news letter.

Looking forward to meeting you.

Dr. Kusum Kapila
Hon. Secretary, IAC.
